

Trans Family Nova Scotia

Are you a family with a **transgendered child, looking to reach out and connect with other families with **transgendered** children?**

- Your child might be a young child, a pre-teen, a teenager, a young adult or even a grown adult.
- Maybe your child expresses their gender identity in ways that seem unusual to you, is questioning who they are, is going through the process of transitioning or has already transitioned.
- You might have questions or concerns about your child, who has not been identified as transgendered, and you feel a need to learn more through the experiences of other parents and families.
- Maybe you are struggling, barely coping, embarrassed, sad, angry or just plain stuck and need a safe place to share those feelings.
- You might be accepting, advocating, embracing and/or ready to assist in supporting and empowering others and their family.
- Maybe you would like to participate in discussions or just listen to discussions, on everyday life events and how they specifically affect our trans children and the other members of our families.
- You might be some or all of the above!

This group is NOT just for families. We are also partners, friends, co-workers, service providers and allies of trans-identified individuals.

Would you like to be able to have contact by phone or just be able to sit in a room with others who share your struggles and triumphs, your heartbreak and joys? Interested in learning more?

**Join us on the
3rd Monday of each month
6:30 – 8:30 pm
at
The Youth Project
(2281 Brunswick St., Halifax)**

We feel strongly that if trans-identified children, youth and adults are to well supported in their journey to authenticity, it is imperative that the supporting individuals are also well supported.
